Hard-core off-roaders require hard-core parts. Jeep® Performance Parts from Mopar® provide that toughness, durability and performance — enough to overcome any extreme challenges dished out by treacherous terrain. Jeep Performance Parts are factory engineered with precise fit and function, properly equipping your Jeep vehicle with the tools to tackle the toughest trails.

As you’re building your Jeep vehicle, choose from our comprehensive catalog of Jeep Performance Parts to upgrade your vehicle’s capabilities, and make it your own. Our lineup of products — including engine components, performance chassis parts, performance wheels, driveline components, performance engine components and off-road accessories are engineered by the same engineering team that built your vehicle.

Your next adventure awaits, and Jeep Performance Parts are ready to help lead the way. Happy Trails!

CAMSHAFTS, LIFTERS & HARDWARE

Mopar® Performance Camshafts are designed and engineered exclusively for your engine. A wide range of profiles are available, from mild to wild. All camshafts are developed, dyno’d and track tested by Mopar engineers for increased power and RPM potential while maintaining reliability and the best possible low-speed characteristics, including torque and idle quality. Mopar camshafts offer the best horsepower-to-dollar-spent value. Each package contains the camshaft, camshaft lube, instruction sheet and tappets.

CAMSHAFT, HYDRAULIC - FOR 4.0L JEEP® BRAND ENGINES

Up to ‘98 models .430/.430 Lift #P4529228AD $222.00

TAPPET, HYDRAULIC

All 2.5L/4.0L Jeep Brand Engines, Sold Individually #P4529220AB $12.40

CYLINDER HEADS, GASKETS

All 4.0L Jeep Brand Engines, Bore: 3.875”, Thickness: .043”, Composite Material 1/pkg Sold Individually #P4529242 $30.95

CRANK SENSOR BRACKET

Mount crank sensor to oil pan rail for use with vibration damper (page 7).

4.2L Jeep Brand Engines* #P5007046 $82.00

*Use with 1981-80 EFI Conversion Kit. See page 11

GASKETS

Jeep® brand six-cylinder engines use a common intake/exhaust manifold gasket design. This gasket is designed for direct replacement.

4.0L Jeep Brand Engines, Intake/Exhaust Manifold #P4529243 $12.40

‘87-‘98 4.0L Jeep Brand Engines, Engine Teardown #P4529245 $55.70

OIL PUMPS

These high-performance, high-output oil pump assemblies provide up to a 25% increase in oil volume. Ideal replacement for stock pump in high-performance applications.

All 4.0L Jeep Brand Engine, Heavy Duty #P4529227 $73.00

All 4.2L Jeep Vehicles #P4529241 $84.55

ROLLER CHAIN & SPROCKETS

High-strength double roller chain and sprocket sets provide added durability and decreased rotational friction compared to production silent chains. Sets include Magnafluxed sprockets and roller timing chain.

Up to ‘98 2.5L/4.0L Jeep Brand Engines, Double, 1-Bolt Mount, One Keyway #P5249519 $144.00

VALVE COVER

Bold looking black wrinkle cast aluminum valve cover sets for Jeep vehicles. Jeep vehicle valve covers feature the Jeep brand logo, and sets include attaching screws, grommets, baffle and oil filler cap. Gaskets must be purchased separately.

‘81-’86 4.2L Jeep Brand Engines, Black Wrinkle #P4876388 $204.00

Prices shown do not include installation or taxes and are subject to change.
VALVES & VALVE TRAIN HARDWARE

Single-groove style valve keepers are made from hardened steel. Each features an eight degree angle and an eight millimeter stem diameter. Used with P452916 and P452917 retainers, they can be used for restoration or performance applications. Sold in cylinder head sets of 16 (note that two sets are required for all six-cylinder and V8 engines). Does not fit P5153847 head.

VALVE KEEPERS
For Retainers P4529216-17, 2.5/4.0L/5.2L/5.9L Truck Magnum/Jeep® Brand Engines #P4529218 ............................ $14.50

VALVE SEALS
4.0L Jeep Brand Engines, 8 mm Stem #P4529240 ............................ $18.65

RETAINER, VALVE SPRING
2.5L/4.0L Jeep Brand Engines, Steel, use with Conical Springs P4529215 #P4529217 ............................................. $8.30
4.2L and 5.9L Jeep Brand Engines #P4529616 ............................. $3.00

VALVE SPRING - FOR 2.5L/4.0L JEEP® BRAND ENGINES
‘81-’87 Cylindrical #P4529214 ............................................. $14.50
‘88-’02 Conical #P4529215 ............................................. $8.30

VALVE
2.5L/4.0L Jeep Brand Engines, Exhaust, 1.56” Diameter, 4.93” Stem Length #P5249880 ............................. $19.60

VIBRATION DAMPERS

Damper attachment package contains all parts necessary to attach the vibration damper to the crankshaft. Replacement vibration damper is compatible with production crankshaft and piston rod weight. MPI conversion kit vibration dampers are for use with Jeep Brand 4.2L fuel injection conversion kits or build your own!

Damper Degree Timing Tape #P4529070AB ............................................. $8.30

VIBRATION DAMPER - FOR 4.2L JEEP® BRAND ENGINES
Production Replacement, V-Belt #P5249535 ............................................. $85.00
‘81-’90 Vibration Damper, V-Belt* #P5249887 ............................................. $252.00
‘81-’90 Vibration Damper, Serpentine Belt* #P5249688 ....................... $232.00
*Use with 1981-90 EFI Conversion Kit. See page 11

NEW AND TOP-RATED EQUIPMENT
The trail is no place for the weak. You need to pack plenty of power in reserve to conquer massive rock formations and scale steep mountains. Jeep® Performance Parts Performance Engine Components ramp up the horsepower and torque.
## Performance Intake Systems

These bolt-on systems are designed to allow cooler outside air to flow through a directional cone filter, directly into the intake manifold. They provide noticeable horsepower and torque gains under varying atmospheric conditions. Kits include all mounting hardware and a washable/reusable filter. Do not oil, dry media filters. CARB-approved E.O. #D-265-22.

NEW AND TOP-RATED EQUIPMENT
Challenging, changing landscape is part of the rough charm of the off-road. It’s crucial to have total control over the power being put to the ground. Jeep® Performance Parts Driveline Components get you in gear under the most challenging conditions.
**AXLE ASSEMBLY**

Front and rear axle assemblies will provide the next level of off-road performance for your CJ, JY or TJ and are direct bolt-in replacements for the ’07-’15 JK. These axles are shipped with current Wrangler Rubicon suspension mounting brackets installed. Adaptation of these units into previous models is the responsibility of the purchaser. These axles come completely assembled with 4.10 gear and electric selectable locking differential.

**AXLE, FRONT ASSEMBLY**

'07-’15 Wrangler, Dana 44™, 4.10 Ratio, Tru-Lok® electric selectable locking differential, 5 on 5.0” JK Wheel Pattern, w/o Brakes #P5153825AF .......................................................... $2,395.00

**AXLE, REAR ASSEMBLY**

'07-’15 Rubicon, 4.10 Ratio, Tru-Lok® electric selectable locking differential, 5 on 5.0” JK Wheel Pattern, w/ Brakes #P5153826AD .......................................................... $2,100.00

**FRONT AND REAR AXLE BRACKET KITS**

For the builders who want to install their own axle, Jeep® Performance Parts offers all of the necessary brackets in one kit. The kit consists of the upper and lower control arm mounts, shock mounts, spring mounts and track bar mounts. These parts are raw steel ready for welding. This is a package of the production stamped brackets.

Front axle brackets #P5160041 .......................................................... $275.00

Rear axle brackets #P5160042 .......................................................... $275.00

**AXLE COMPONENTS**

**WIRING HARNESS**

12-foot, 2-wire connector. You provide power and ground with your switch. Allows locker axles to be powered. #P5155359 .......................................................... $41.20

**DIFFERENTIAL COVER**

Choose from three styles to protect your differential and vital driveline gears. Cast-Aluminum Cover and Full-Formed Steel Guard shown. Half-Formed Steel Guards not shown. Each features the Jeep brand logo.

Parts are sold “as is” unless otherwise noted.

#P5160020 .......................................................... $215.00

**RING AND PINION GEARs, DANA 44™, 4.88 RATIO - WRANGLER**

Premium gearset will not whine. Made from special production steel in the U.S.A.

Front Axle #P5155355AB .......................................................... $490.00

Rear Axle #P5155356AB .......................................................... $490.00

‘09-’14 Differential Plate Cover w/ stamped Jeep Brand logo for Dana 30™ Axle #P659730RR .......................................................... $85.60

‘09-’14 Differential Cover w/ stamped Jeep Brand logo for Dana 44™ Axle #P659744RR .......................................................... $85.60

**HEAVY-DUTY RUBICON DANA 44™ FRONT AXLE HOUSING**

This heavy-duty axle housing is a direct replacement for your Rubicon front axle. This housing features thicker wall tubes for increased load carrying capacity and improved bending strength over stock. This is a bare housing, ready to accept the gears, locker and shafts from your housing.

#P5160038 .......................................................... $995.00

Prices shown do not include installation or taxes and are subject to change.
Dana 60™ Crate Axle
‘07-’14 Wrangler, Elocker

Mopar® now offers brand-new front and rear Dana 60™ crate axles for ‘07-’14 Wrangler models. Wherever limits are pushed, Dana 60 is there. Introducing the new Dana 60 front and rear axles for the Jeep® Wrangler. Not only are they the biggest, strongest axles we have ever built, but they also incorporate many of the upgrades that off-roaders demand. You get a direct-fit, bolt-on axle for your Jeep Wrangler, plus the unparalleled technology, strength and durability that comes with these all-new axles.

Featuring electric locking differential, including wheel-speed sensors and a choice of 4.88 or 5.38 final drive gearing. A special high clearance cast carrier housing provides 14.5mm improvement in ground clearance over a standard Dana 60. This housing provides an integrated upper control arm mount and a Jeep branded heavy-duty cast iron differential cover. 35-spline axle shafts made from 4340 Chromoly and Ram 3500 one ton brakes. Front axle features massive Spicer SPL 70 universal joints. The excellent production steering linkage is compatible with this axle and mounts 3” higher than stock. Rear axle is equipped with 32-spline chromoly shafts, electric locker, choice of gear ratios, Ram 3500 disc brakes, cast iron differential cover, 1310 U-joint yoke and all brackets.

**Axle, Front Assembly**

- Front 4.88 #P5156276AB ........................................... $7,250.00
- Front 5.38 #P5156277AB ........................................... $7,250.00

**Axle, Rear Assembly**

- Rear 4.88 #P5156278AB ........................................... $4,250.00
- Rear 5.38 #P5156279AB ........................................... $4,250.00
PERFORMANCE CHASSIS

NEW AND TOP-RATED EQUIPMENT
Custom Performance Chassis products from Jeep® Performance Parts provide increased performance, ground clearance and off-road articulation. Plus, they boost ride comfort and control — on-road or off.
## Performance Chassis

### Suspension Upgrades & Components

#### Stabilizer Bar
- ‘06–’08 Commander 5.7L, Stage 1, Front and Rear, Use with Lowering Springs #P5153727 $575.00

#### Lowering Springs
- ‘06–’08 Commander 5.7L #P5153728 $436.00

#### ‘07–’15 Wrangler Axle-to-Frame Lower Control Arm for 2” and 4” Lift Kits
- Front, High-Articulation, Pair #P5155420 $388.00
- Rear, High-Articulation, Pair #P5155421 $375.00
- Stabilizer Bar Link Kit, Front #P5155512 $91.75

#### ‘07–’11 Wrangler Bilstein Shock Replacement/Upgrade for 2” and 4” Lift Kits
- Front #P5155262 $124.00
- Rear #P5155263 $124.00

#### ‘07–’11 Wrangler Performance Replacement for 2” and 4” Lift Kits
- Front Shocks #P5155804 $60.85
- Rear Shocks #P5155805 $60.85

#### ‘07–’11 Wrangler Stabilizer Bar Quick Disconnects for 2” and 4” Lift Kits
- Front #P5155419 $165.00

#### ‘07–’11 Wrangler Stabilizer Kit for 2” and 4” Lift Kits
- Steering, High-Clearance, High-Capacity #P5155264 $111.00
- Fox Brand Premium Steering Stabilizer #P77072360 $175.00

#### Big Brake Kit
- Upgrade your braking system to match larger tires and wheels. Features large 13-inch rotors, big 2 piston calipers, caliper mounts, brake lines and heavy-duty pads for the front axle, and also includes a matching Big Brake booster and master cylinder. These components are from our Ram truck line so replacement parts are easy to get. 17-inch wheels or larger are required.
- Big Brake Kit – Jeep® Wrangler #P5160051 $845.00
- Performance Master Cylinder and Booster – Jeep Wrangler #P5160050 $245.00

---

Prices shown do not include installation or taxes and are subject to change.
LIFT KITS

One of the first things owners do is fit larger tires to their Wranglers. We offer 2” and 4” lift kits to allow the proper clearance to fit your tires. Our newly developed 2” lift kit is a very complete system, not just a cheap spacer lift. Included are newly designed coil springs which are double dipped in epoxy and then powder coat painted for maximum chip resistance. To control the ride, we have teamed with FOX shocks to provide a set of shocks tuned specifically for a Wrangler with oversize tires. By retaining the factory geometry, the ride and handling are excellent.

WRANGLER 2” LIFT KIT WITH FOX RACING SHOX

Features the new FOX Racing Shox 2.0 Performance Series IFP shock. Its brushed aluminum shock body dissipates heat faster than conventional steel and combines with other race-inspired technology to provide incredible fade-free performance, precise handling and stability. Hard chrome plated heat treated shock shaft and redundant sealing system does not require a dust boot. Includes four tuned coil springs, brake line, track bar brackets, Double Cardin front drive shaft (3.6L engine) and all the hardware required for a complete installation. Backed by one-year Mopar® limited warranty.

WRANGLER 4” LIFT KIT WITH FOX RACING SHOX

Raise your profile and enjoy excellent on- and off-road handling. Kit includes four specially tuned springs with corrosion protection, four tuned Fox reservoir shocks, control arms, necessary brackets and a new CV driveshaft and yoke. Also includes a Fox steering damper and our High Steer Conversion Kit. Backed by one-year Mopar® warranty.

JPP 4” Lift Kit – Jeep Wrangler '07-'16 (4-Door) #77072353 $2,250.00

'*12-'16 4-Door #77070088 .............. $1,495.00
'*12-'16 2-Door #77070095 .............. $1,495.00
'*07-'16 4-Door, for 3.8L engine #77070089 .............. $995.00
'*07-'16 2-Door, for 3.8L engine #77070094 .............. $995.00
PERFORMANCE WHEELS
CIRCLE OF TRUST

For an expanded selection visit MOPAR.COM NEW AND TOP-RATED EQUIPMENT
On the trail, rubber meets the rock — not the road. When the going gets tough, you need wheels that are tougher. Jeep Performance Parts Wheels are engineered to accommodate wider, aggressive off-road tires and cope with paths never touched by painted lines — and do it with style and appearance that stand out from the crowd. Available on 2007-2014 Jeep Wrangler. Backspacing allows upgrade to 35" tires without frame interference.
Performance Wheels

**NEW BEADLOCK CAPABLE WHEEL**

17" x 8.5" beadlock capable wheel provides a backspacing of 4.4" (12mm offset). This will allow the use of a 35" x 12.5" x 17" tire with a 2" lift. This wheel features dual bead seats. The outer bead of the tire can be mounted in a DOT approved inner location or in the outer location as a true beadlock. Beadlock wheels clamp the outer tire bead to the rim, allowing you to run very low tire pressure for maximum traction and ride. A trim ring is also available to replace the beadlock rim if you want the looks without the actual beadlock feature. Rim is satin black with a silver ring. This wheel features a protected valve stem design, black Jeep® logo center cap and meets all FCA US LLC standards for corrosion and load. This wheel has a 5"x 5" bolt pattern.

Beadlock Wheel – Jeep® Wrangler #77072326AB . . . . . . . . . . . $325.00

**STANDARD STEEL WHEEL**

Is 17" x 7.5" x 47.3mm offset wheel for winter tires or off-road use. (production sizing is 17" x 7.5" x 44.5mm offset)

Steel Wheel – Jeep® Wrangler #52124455AB . . . . . . . . . . . . . . . . . . $169.00

Prices shown do not include installation or taxes and are subject to change.
**17” X 8.5” CLASSIC WHEELS**

Classic 5-hole or 5-spoke wheels are 17” x 8.5” and provide a backspacing of 4.6”. This will allow the use of a 35” x 12.5” x 17” tire with a 2” lift. Both wheel styles are available in three colors to match your body color. These wheels feature a protected valve stem design and Jeep® logo center cap.

- **5-Hole, Black #P5155978** $268.00

LIMITED WARRANTIES
MOPAR PARTS & ACCESSORIES
Jeep, vehicle owners demand more from their driving experience. That means they demand much more from their vehicles. Every new Jeep vehicle is covered by an extensive warranty, and Mopar provides an industry-leading Basic Limited Warranty for Mopar parts. See the details for additional parts warranty information.

For an expanded selection visit MOPAR.COM NEW AND TOP-RATED EQUIPMENT
LIMITED WARRANTIES

MOPAR, BASIC LIMITED WARRANTY

For parts and accessories installed on vehicles or sold over-the-counter for do-it-yourself installation on or after October 1, 2014:

Except as noted below, Mopar parts and Magneti Marelli Offered by Mopar parts sold over-the-counter for do-it-yourself installation on or after October 1, 2014, are warranted against defects in workmanship or materials for 24 months/unlimited miles for both parts and labor. Mopar parts sold to dealers for sale to the public are warranted against defects in workmanship or materials for 24 months/unlimited miles for both parts and labor. Mopar parts sold wholesale to an automotive service facility and installed by a professional technician on or after October 1, 2014, are warranted against defects in workmanship or materials for 24 months/unlimited miles for parts and up to $150.00 in labor. Mopar parts and Magneti Marelli Offered by Mopar parts sold over-the-counter on or after October 1, 2014, for vehicle owner or do-it-yourself installation are warranted against defects in workmanship or materials for 24 months/unlimited miles for parts exchange only.

Mopar parts and Magneti Marelli Offered by Mopar parts replaced on an FCA US LLC vehicle still covered by the FCA US LLC New Vehicle Basic Limited Warranty are warranted for the remainder of the 3-year/36,000-Mile New Vehicle Basic Limited Warranty, or for the Mopar 24-month Basic Limited Warranty from the original installation date, whichever is more favorable to the customer.

For parts and accessories installed on vehicles or sold over-the-counter for do-it-yourself installation prior to October 1, 2014:

Except as noted below, Mopar parts installed by an authorized FCA US LLC dealership or Studio prior to October 1, 2014, are warranted for 12 months/12,000 miles for both parts and labor, or for 12 months/unlimited miles for parts exchange only, whichever is more favorable to the customer. Mopar parts sold over-the-counter or wholesale Mopar parts are warranted against defects in workmanship or materials for 12 months/unlimited miles for parts exchange only.

Mopar parts sold over-the-counter or sold wholesale to an automotive service facility and installed by a professional technician on or after October 1, 2014, are warranted against defects in workmanship or materials for 12 months/unlimited miles for parts exchange only.

Mopar parts replaced on an FCA US LLC vehicle still covered by the FCA US LLC New Vehicle Basic Limited Warranty are warranted for the remainder of the 3-year/36,000-Mile New Vehicle Basic Limited Warranty, or for the Mopar 12-month Basic Limited Warranty from the original installation date, whichever is more favorable to the customer.

Mopar Basic Limited Warranty

The Mopar Basic Limited Warranty covers the cost of towing a vehicle to the nearest authorized FCA US LLC dealership if the failure of a covered part causes the vehicle to be inoperative. If a Mopar part or a Magneti Marelli Offered by Mopar part is installed in an FCA US LLC vehicle by an authorized FCA US LLC dealer, and if, while that part is still under warranty, it causes other parts to be damaged or to fail, those other parts will be repaired or replaced under warranty, regardless of whether the other parts were covered by an FCA US LLC warranty at the time of failure.

These warranties are the only express warranties made by FCA US LLC for Mopar Parts and Accessories and Magneti Marelli Offered by Mopar parts. Except where prohibited by law, this warranty is the sole and exclusive remedy. No person, including a dealer or employee of FCA US LLC or its affiliated corporations, has the authority to vary or change these warranties.

Mopar parts and Magneti Marelli Offered by Mopar parts sold with a separate manufacturer’s warranty are not eligible for the Mopar warranty. Warranty information on these parts is provided with the part or in its packaging. Examples include: Garmin navigation, TomTom navigation, Katzkin leather, Koss headphones, truck bedliners, paint sealant and fabric protection.

EXCEPTIONS

The following Mopar products have time and mileage limitations, or warranty coverage that differs from the general coverage described above: Mopar Performance Parts

Note: For all part numbers that begin with ’77.’ The warranty is 12 months unlimited mileage.

MOPAR PERFORMANCE PARTS LIMITED WARRANTY

NOTICE

Federal and many state laws prohibit the removal, modification or rendering inoperative of any part or element of design affecting emissions or safety on motor vehicles used for transporting persons or property on a public street or highway. Violation may result in a fine of up to $27,500 per vehicle. Mechanical and/or electronic performance parts listed in this catalog cannot be used on vehicles used on public streets or highways. These parts may be used only on vehicles used solely in sanctioned off-highway events. No other applications are intended or implied. Those parts that have been granted an exemption by the California Air Resources Board (CARB) or meet the EPA requirements of memorandum 1A are legal for highway use in California, New York and Massachusetts and are noted as such.

NO PARTS WARRANTY – “AS IS”

Mopar Performance parts are sold “as is” unless otherwise noted. This means that parts sold by Mopar Performance carry no warranty whatsoever. Implied warranties, such as warranties of merchantability are excluded. (An implied warranty of merchantability means that the part is reasonably fit for the general purpose for which it was sold.) The entire risk as to quality and performance of such parts is with the buyer. Should such parts prove defective following their purchase, the buyer and not the manufacturer, distributor or retailer, assumes the entire cost of all necessary servicing or repair. Chrysler, Dodge, Jeep and Ram vehicle and parts warranties are voided if the vehicle or parts are used for competition. The addition of performance parts does not by itself void a vehicle’s warranty. However, added performance parts (parts not originally supplied on the vehicle from the factory) are not covered by the vehicle’s warranty, and any failure that they may cause is not covered by the vehicle’s warranty. Please see the emissions statement below for additional details.

EMISSIONS STATEMENT

Federal law requires emissions parts on new vehicles to be warranted for at least two years or 24,000 miles, whichever comes first. Federal and many state laws also prohibit the removal, modification or rendering inoperative any part that affects emissions or safety on motor vehicles used on public streets or highways. Many Mopar Performance parts are designated for track use or off-road use only. Installation of certain components may bring the vehicle out of compliance with safety and/or emissions standards. Mopar recommends that vehicles with parts designated in this fashion not be operated on public roads. Mopar Performance customers are responsible for complying with applicable state and local environmental regulations.

Additionally, certain performance parts may affect the emissions characteristics of the vehicle. If you install them on the vehicle, and your vehicle consequently fails a
Mopar warranties do not cover the costs of damage caused by environmental factors or Acts of God. “Environmental factors” include such things as hail, floods, windstorms, lightning, tornadoes, sandstorms and earthquakes.

Mopar warranties do not apply to parts installed on a vehicle that has had its odometer or emissions systems tampered with or disconnected; declared to be a total loss by any insurance company; rebuilt after being declared to be a total loss; issued a certificate of title indicating that it is designated as “salvage,” “junk,” “rebuilt” or words of similar import. FCA US LLC will deny warranty coverage without notice if it finds that a vehicle is ineligible for warranty coverage because it has been salvaged or declared a total loss as set forth in this paragraph.

Mopar Limited Warranties do not cover any incidental or consequential damages connected with the failure of the part under warranty. Such damages include lost time; inconvenience; the loss of the use of your vehicle; the cost of rental cars, gasoline, telephone, travel or lodging; the loss of personal or commercial property; or the loss of revenue. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Your warranties can also be restricted by FCA US LLC, as set forth in the New Vehicle Limited Warranty. If your new vehicle limited warranty is restricted by FCA US LLC, coverage under your Mopar Parts and Accessories Limited Warranties may also be restricted or denied.

OTHER TERMS
To the extent allowed by law, any implied warranties, including any implied warranty of merchantability or fitness for a particular purpose are limited in duration to the duration of these express warranties. To the extent allowed by law, if the parts are installed on a vehicle used primarily for business or commercial purposes, no implied warranties apply. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

These warranties are the only express warranties made by FCA US LLC for Mopar Performance Crate Engine Assemblies – Crate engine assemblies are warranted for “parts only” “as delivered” against defects in materials or workmanship for 90 days from the date of purchase. The following covered components for performance engine assemblies, which prove to be defective in materials or workmanship, will be replaced on an exchange basis for 90 days: cylinder blocks, and all internal parts, cylinder head assemblies, intake manifold, core plugs, valve covers, oil pan, timing gear and/or chain and cover, water pump, gasket and seals.

Mopar Performance Parts with part numbers beginning with “P” are sold “as-is” without warranty coverage of any kind by Mopar unless otherwise noted.

MOPAR MASTER SHIELD® PRODUCTS
LIMITED WARRANTY

HOW TO OBTAIN WARRANTY SERVICE
Where both parts and labor are covered warranty items, repairs will be made by any FCA US LLC dealership at no charge. Where parts only are covered, FCA US LLC dealership will provide replacement parts at no charge. It is recommended that you take your vehicle to your selling dealership or to the dealer who sold or installed your Mopar part or accessory. However, you may obtain replacement parts or service under warranty from any authorized FCA US LLC dealer.

WHAT IS NOT COVERED
Mopar warranties cover neither non-FCA US nor non-Mopar parts, components or equipment. These warranties also do not cover the costs of any repairs or adjustments that might be caused by or needed because of the use or installation of a non-FCA US or non-Mopar parts, equipment, materials or additives.

Mopar warranties do not cover the costs of repairing damage or conditions caused by fire or accident; by abuse, negligence, or misuse (for example: driving over curbs, or overloading or racing the vehicle); by improper adjustment, alteration or failure to maintain the vehicle on which they are installed; or corrosion or damage caused by the use of caustic materials.

Mopar warranties do not cover parts installed on a vehicle used for racing or competition, nor do they cover the repair of any damage or conditions caused by racing or competition.

Mopar warranties do not cover the costs of repairing or replacing any part due to damage caused by poor or improper maintenance, contaminated fuels, or the use of fuels, oils, lubricants or fluids of a type other than those recommended in your Owner’s Manual.

Mopar warranties do not cover the costs of damage caused by environmental factors or Acts of God. “Environmental factors” include such items as airborne fallout, chemicals, tree sap, salt, ocean spray and road hazards. “Acts of God” include such things as hail, floods, windstorms, lightning, tornadoes, sandstorms and earthquakes.

Mopar warranties do not cover the costs of repairing or replacing any part due to competition, nor do they cover the repair of any damage or conditions caused by racing or competition.

Mopar warranties do not cover the costs of repairing damage or conditions caused by fire or accident; by abuse, negligence, or misuse (for example: driving over curbs, or overloading or racing the vehicle); by improper adjustment, alteration or failure to maintain the vehicle on which they are installed; or corrosion or damage caused by the use of caustic materials.
